

Astellas Donates 6 Wheelchair Vans through the Flying Star Fund, an Employee-Led Social Contribution Fund

Tokyo, October 5, 2015 - Astellas Pharma Inc. (President and CEO: Yoshihiko Hatanaka, “Astellas”) today announced that the "Flying Star Fund," a social contribution fund run by its employees, will donate 6 wheelchair vans to 6 welfare facilities in Japan.

The Flying Star Fund was launched as a small but sustainable social contribution activity by Astellas' employees to create a fund that allows donors to contribute to the health and well-being of people in Japan. Astellas employees can voluntarily join to donate 100 yen every month from their wages. Astellas matches the same amount of money donated by employees to donate wheelchair vans and grant funding¹⁾ once a year.

Since 1997, Astellas has donated several wheelchair vans every year through this program as a social contribution activity. A total of 189 wheelchair vans including the 6 vans to be donated this year, have been donated to welfare institutions throughout Japan.

The 6 wheelchair vans will be donated to the following institutions:

- Azumappe in Ishikawa-gun, Fukushima Prefecture
- Pensées -no-kai in Ina-shi, Nagano Prefecture
- Alm-no-ie in Tajimi-shi, Gifu Prefecture
- Mommy-Care-Support-tomo-no-kaze in Shizuoka-shi, Shizuoka Prefecture
- Boa-Vuib in Takarazuka-shi, Hyogo Prefecture
- Cosmos Yume-Koubou, Cosmos Group in Tosu-shi, Saga Prefecture

✂The name "Flying Star" comes from the corporate symbol of Astellas, a beautiful shining star moving toward the future.

About the wheelchair vans to be donated

Out of the 6 vehicles to be donated this time, 2 are minivans equipped with a folding wheelchair ramp and an electric winch to pull a wheelchair passenger into the vehicle, and 4 vans can pull 2 wheelchair passengers at a time using the same function. (Attached photo) The facilities to receive these vehicles have been selected from those that help people with physical disabilities lead more independent private and work lives. The vehicles will be used to provide ridings for wheelchair users between home and the facilities or during excursions.

¹⁾About grant funding

In addition to wheelchair vans, the Flying Star Fund donated a total of 2 million yen to NPO Japan Good Toy Committee, NPO Japan CliniClowns Association, NPO Japan Hospital Clowns Association, and Shine On! Kids, as in previous years. The donated funds will be used to carry out “hospital toy caravans,” an event which toy consultants visit hospitals with toys to support hospitalized children and their parents, and hospital clown events in order to bring smiles to hospitalized children.
