Reference Documents for Shareholders Meeting

Proposals and Matters for Reference

First Proposal: Appropriation of Retained Earnings

The Company has been working steadily towards continuous increasing corporate value and towards improving its return to shareholders through such increase of corporate value. While putting priority on business investment in order to realize future growth, the Company will strive to increase dividend payments stably and continuously, taking into consideration the dividend on equity attributable to owners of parent (DOE*) and other factors based on medium- to long-term profit growth on a consolidated basis. In addition, the Company will flexibly acquire its own shares aiming for further increase of capital efficiency and shareholder return.

Based on the policy of returns to shareholders mentioned above, the Company proposes the year-end dividend for the business year under review as follows. As a result, the Company's annual dividend is \$34 per share, including the interim dividend of \$17 per share.

*DOE = \underline{D} ividend \underline{O} n \underline{E} quity

Year-end dividend

- (1) Type of dividend assets: Cash
- Matters concerning the allotment of dividend assets and the total amount thereof: ¥17 per share of common stock of the Company Total amount: ¥35,120,392,769
- (3) Date when the dividend of retained earnings takes effect: June 20, 2017 (Tuesday)

Business Report (from April 1, 2016 to March 31, 2017)

1. Matters concerning Present State of the Astellas Group (Corporate Group)

- (1) Overview and Results of Operations of the Astellas Group
 - During the business year under review (from April 1, 2016 to March 31, 2017, hereinafter it may be also referred to as "FY2016"), the business environment surrounding the pharmaceutical industry continued to face severe conditions due to implementation of government policies to restrain medical expenditures and the tightening up of new drug application reviews implemented in each country, not only in developed countries but also in emerging economies.
 - Under such business circumstances, we actively promoted the global business of research and development, manufacturing, and marketing for the purpose of creating highly value-added and innovative new drugs in fields where high unmet medical needs exist, and providing such drugs continuously to the world.
 - 1) Summary of Consolidated Business Results

<Consolidated financial results (core basis)>

The Company discloses financial results on a core basis as an indicator of its recurring profitability. Certain items reported in financial results on a full basis that are deemed to be non-recurring items by the Company are excluded as non-core items from these financial results on a core basis. These adjusted items include impairment losses, gain (loss) on sales of property, plant and equipment, restructuring costs, loss on disaster, a large amount of losses on compensation or settlement of litigation and other legal disputes, and other items that the company judges should be excluded.

Consolidated financial results (core basis) in FY2016 showed a decrease in sales and increases in core operating profit and core profit for the year, as follows.

Consolidated financial results (core basis)

	Business results of the	Fluctuation from the previous

(i) Sales

Consolidated sales in FY2016 decreased by 4.4% compared to those in the previous business year ("year-on-year") to \$1,311.7 billion.

- Sales of the mainstay products showed steady expansion, but consolidated sales decreased due to the impact of foreign exchange as well as the impacts of a National Health Insurance ("NHI") drug price revision in Japan enforced in April 2016 etc.
- In terms of global products, sales of XTANDI for the treatment of prostate cancer marginally increased and sales of overall overactive bladder ("OAB") treatments Vesicare and Betanis/Myrbetriq/BETMIGA decreased due to the impact of foreign exchange, but sales of each product steadily increased on a local currency basis excluding foreign exchange impact. Sales of Prograf, an immunosuppressant, decreased.

* Europe, the Middle East and Africa

Sales by region

* Sales by region calculated according to locations of sellers.

Sales in Japan decreased by 3.3% year-on-year to ¥480.8 billion.

Sales in the Japanese market decreased by 6.3% year-on-year to ¥452.7 billion.

- There was growth in sales of products including overall OAB treatments Vesicare and Betanis, the anti-inflammatory and anti-pain treatment Celecox, Symbicort for the treatment of bronchial asthma and Suglat for the treatment of type 2 diabetes.
- Sales of XTANDI decreased due to the NHI drug price revision.
- Sales of vaccines declined mainly due to the continued impact of the restraints of shipment by the manufacturer in FY2015 (shipments of a part of products have already been recommenced), in addition, sales of products including Lipitor for the treatment

of hypercholesterolemia and Gaster for the treatment of peptic ulcer and gastritis declined, mainly due to the impact of generics.

Sales in the Americas decreased by 9.4% year-on-year to ¥412.4 billion.

Sales on US dollar basis increased by 0.5% year-on-year to US\$3,805 million.

- Sales of products such as XTANDI, overall OAB treatments VESIcare and Myrbetriq, and the pharmacologic stress agent Lexiscan increased on a U.S. dollar basis, while the sales of each product decreased due to the impact of foreign exchange.
- Sales of Prograf decreased.
- Antifungal CRESEMBA for treatment of invasive aspergillosis and mucormycosis contributed to sales.

Sales in EMEA^{*} increased by 0.5% year-on-year to ¥330.8 billion.

Sales on a Euro basis increased by 12.1% year-on-year to €2,785 million.

- Sales of XTANDI grew.
- Sales of overall OAB treatments Vesicare and BETMIGA and Prograf declined mainly due to the impact of foreign exchange.
- * EMEA: Europe, the Middle East and Africa.

Sales in Asia and Oceania decreased by 3.8% year-on-year to ¥87.7 billion.

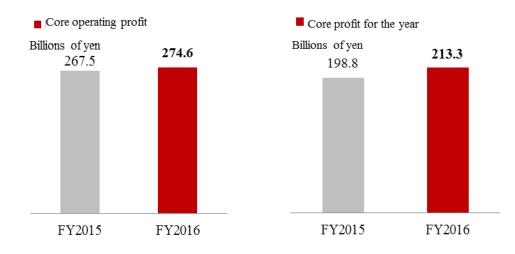

- XTANDI and overall OAB treatments Vesicare and BETMIGA showed growth in sales.
- Sales of Prograf and Harnal for the treatment of functional symptoms of benign prostatic hyperplasia declined due to the impact of foreign exchange.

(ii) Core operating profit / Core profit for the year

Core operating profit increased by 2.7% year-on-year to \$274.6 billion. Core profit for the year increased by 7.3% year-on-year to \$213.3 billion.

- Gross profit decreased by 4.4% year-on-year to ¥991.2 billion along with a decrease in sales. The cost-to-sales ratio remained largely unchanged year-on-year at 24.4%.
- Selling, general and administrative expenses and research and development ("R&D") expenses decreased by 5.9% year-on-year to ¥470.8 billion and by 7.8% year-on-year to ¥208.1 billion respectively partly due to the foreign exchange rate impact. The R&D cost-to-sales ratio was down 0.6 percentage points year-on-year to 15.9%.
- Amortisation of intangible assets decreased by 15.5% year-on-year to ¥35.8 billion.

Resulting from the transfer of the global dermatology business in April 2016, the sales and the expenses of the transferred products were not included in those of FY2016. On the other hand, the consideration for the business transfer was recognized as revenue over certain periods. As a result, there were certain positive impacts on sales and profit for FY2016.

<Consolidated financial results (full basis)>

Consolidated financial results on a full basis in FY2016 are shown in the table below. Sales decreased while operating profit, profit before tax and profit for the year increased.

2) R&D and other activities

The Company has been pursuing initiatives geared towards achieving sustainable growth over the mid- to long-term, and in May 2015 accordingly released its three-year Strategic Plan 2015–2017 which sets forth three main strategies geared toward: "Maximizing the Product Value," "Creating Innovation" and "Pursuing Operational Excellence."

The following are the main initiatives taken in FY2016.

(i) Initiatives for maximizing the product value

The Company has been taking steps toward maximizing the Company's oncology franchise centered on XTANDI and OAB franchise comprised of Vesicare and Betanis/Myrbetriq/BETMIGA. The Company launched such products, including the aforementioned in various countries. Number of countries/areas where XTANDI and Betanis/Myrbetriq/BETMIGA launched are approx. 70 and approx. 50, respectively, as of March 31, 2017.

With respect to the update of product label for XTANDI including the data from the head-to-head TERRAIN trial of enzalutamide versus bicalutamide, the Company obtained approval and the product label was updated in April 2016 in Europe, and in October 2016 in

the U.S. as well.

The following are main newly launched products in FY2016.

- Repatha* for the treatment of hypercholesterolemia was launched in April 2016 in Japan.
 - * Indication: Familial Hypercholesterolemia, Hypercholesterolemia. Only when patients who have high risk in cardiovascular events and do not adequately respond to HMG-CoA Reductase Inhibitors.
 - * The official guidance for points of consideration regarding the use of Repatha under the coverage of NHI is issued by Medical Economics Division, Health Insurance Bureau, Ministry of Health, Labour and Welfare (Notice0331 No.9, March 31, 2017).
- Micatrio Combination Tablets* for the treatment of hypertension was launched in November 2016 in Japan.
 - * The official guidance for points of consideration regarding Micatrio under the coverage of NHI is issued by Medical Economics Division, Health Insurance Bureau, Ministry of Health, Labour and Welfare (Notice1226 No.8, December 26, 2016).
- Kiklin Granules for the treatment of hyperphosphatemia was launched in December 2016 in Japan.
- LINZESS for the treatment of the irritable bowel syndrome with constipation was launched in March 2017 in Japan.
- (ii) Initiatives for creating innovation

With respect to our strategy of creating innovation, the wellspring of our sustainable growth, we have been further enhancing our capabilities to deliver innovative medicine while actively advancing to capture new opportunities.

In December 2016, the Company completed the acquisition of Ganymed Pharmaceuticals AG, a biopharmaceutical company located in Germany and developing antibodies against cancer, and made it a consolidated subsidiary of the Company. Through the acquisition of antibody program in the late-stage, the Company aims to further enhance its leading oncology franchise as a platform for sustainable growth.

Furthermore, in an effort to further expand our development pipeline, in March 2017, the Company agreed to acquire Ogeda SA, a drug discovery company located in Belgium, and entered into a definitive agreement with Ogeda's shareholders. Ogeda SA has multiple small molecule programs, including those in Phase 2 clinical development.

In addition to the existing focus therapeutic areas, the Company has been investing in new therapeutic areas including muscle diseases and ophthalmology as well as new technologies and modalities including next-generation vaccines and cell therapies, utilizing alliance opportunities with external partners that have strong expertise for creating new innovations. The following are the major alliances with external partners made during the FY2016:

• In April 2016, the Company entered into a collaborative research agreement with the National Institute of Advanced Industrial Science and Technology to discover anti-protozoan parasite drugs for the treatment of Chagas' disease, a neglected tropical disease in April 2016.

- In May 2016, the Company announced the conclusion of a joint research agreement with Daiichi Sankyo Company, Limited and Takeda Pharmaceutical Company Limited to comprehensively acquire and analyze fundamental biomarker data on healthy adult volunteers in order to optimize and accelerate the development of innovative medicines.
- In June 2016, the Company entered into a collaborative development agreement with the Institute of Medical Science, the University of Tokyo, to develop the rice-based oral vaccine "MucoRice-CTB" against cholera and enterotoxigenic *Escherichia coli (E. coli)* caused diarrheal diseases.
- In July 2016, the Company amended its collaboration agreement in skeletal muscle activators with Cytokinetics, Inc. (US) ("Cytokinetics") to expand the agreement to include amyotrophic lateral sclerosis ("ALS"). This amendment enables the development of fast skeletal troponin activation, CK-2127107 (development code) for the potential treatment of ALS. In addition, the Company has obtained an option right for the development and commercialization of tirasemtiv (generic name), an investigational skeletal muscle activator. Furthermore, the joint research focused on the discovery of additional next generation skeletal muscle activators was extended to 2017.
- In July 2016, the Company established DigiTx Partners LLC (US), a digital health investment company, in partnership with MPM Capital, Inc. (US).
- In December 2016, the Company signed a memorandum of understanding to create a method for analyzing circulating tumor cells, with Sysmex Corporation and Daiichi Sankyo Company, Limited.
- In January 2017, the Company executed a license agreement with respect to an exclusive worldwide license for AU-935 (development code) program for the treatment of chronic tympanic membrane perforation with Auration Biotech, Inc. (US).

In February 2017, the Company executed an exclusive worldwide license agreement to develop and commercialize a vaccine targeting *Streptococcus pneumoniae (pneumococcus)* with Affinivax, Inc. (US) in February 2017utilizing Affinivax, Inc.'s proprietary vaccine technology platform – Multiple Antigen Presenting System (MAPS).

With respect to clinical development, we have been accelerating the speed by concentrating management resources on high-priority projects. The following are the main development progress made during the FY2016.

• The Company submitted a new drug application for extended-release tablets of quetiapine fumarate (generic name, development code: FK949E), a serotonin/dopamine antagonist, for the indication of improvement of depressive symptoms associated with bipolar disorder in August 2016 in Japan.

- The Company obtained a marketing approval of Kiklin Granules (generic name: bixalomer) as an additional dosage formulation, for the treatment of hyperphosphatemia in September 2016 in Japan.
- The Company submitted an application for a marketing approval of prostate cancer treatment XTANDI (generic name: enzalutamide) tablets as an additional dosage formulation in September 2016 in Japan.
- The Company obtained a marketing approval for a guanylate cyclase-C receptor agonist, LINZESS (generic name: linaclotide, development code: ASP0456) for the indication of irritable bowel syndrome with constipation in December 2016 in Japan.
- Amgen Astellas BioPharma K.K. submitted an application seeking marketing approval of romosozumab (generic name, development code: AMG 785) for the treatment of osteoporosis for those at high risk of fracture in December 2016 in Japan. Amgen Astellas BioPharma K.K. and the Company have been co-developing romosozumab.

In March 2017, the Company terminated the agreement executed in September 2010 between the Company and UMN Pharma Inc. for the co-development and the Company's exclusive commercialization of ASP7374 and ASP7373, the cell culture based influenza vaccine programs in Japan. Accordingly, the Company returned to UMN Pharma Inc. all rights granted to the Company under the agreement, and withdrew the application for a marketing approval of ASP7374 and discontinued the development of ASP7373.

Additionally, in May 2017, with respect to mutant-selective irreversible epidermal growth factor receptor (EGFR) inhibitor, naquotinib (generic name, development code: ASP8273), the Company decided to voluntarily close study randomization for the Phase 3 clinical trial which had been conducted on patients with non-small cell lung cancer and to discontinue the treatment with naquotinib, following a recommendation by the trial's Independent Data Monitoring Committee.

(iii) Initiatives for pursuing operational excellence

We have been continuing to engage in initiatives in anticipation of changing environments from various perspectives with the aims of creating organizations and systems capable of resiliently responding to changing environments and further improving quality and efficiency of operations. The following are the main initiatives taken in FY2016.

- The Company transferred its global dermatology business to LEO Pharma A/S (Denmark) in April 2016. Both companies worked together for the transition of business while continuing supply of products.
- SESA (South East & South Asia) Umbrella Organization responsible for overseeing operations in the South East and South Asia regions as well as a sales subsidiary, Astellas Pharma Malaysia Sdn. Bhd., both of which were established with the aim of improving quality and efficiency of operations in the regions, began their operations in April 2016 respectively.

- In August 2016, all the shares in equity of Astellas Pharma Technologies, Inc. (US), a then wholly owned manufacturing subsidiary of the Company, which owns the Norman plant used for the drug formulation and packaging of certain Astellas pharmaceutical products, were transferred to Avara Norman Pharmaceutical Services, Inc. (US).
- In November 2016, the Company executed a memorandum of understanding for outsourcing of the facility and equipment management support of the Company and each Group company in Japan, with Kajima Corporation and Kajima Tatemono Sogo Kanri Co., Ltd.. In addition to the outsourcing, as a result of re-assessment of the organizational management system, the Company decided to dissolve its subsidiary, Astellas Business Service Company Limited, which performs the shared administrative support works, in the end of September 2017 (planned).
- In December 2016, Astellas Pharma Europe Ltd. (UK), a subsidiary of the Company, entered into a definitive agreement with Grünenthal (Germany) under which Astellas Pharma Europe Ltd. would transfer the exclusive rights to commercialize Qutenza for the treatment of peripheral neuropathic pain in Europe, Middle East and Africa to Grünenthal.
- In February 2017, the Company, Takeda Pharmaceutical Company Limited, Teva Takeda Pharma Ltd. and Teva Takeda Yakuhin Ltd. concluded a memorandum of understanding concerning the establishment of a new structure in Hokkaido for the joint storage and distribution of products of these four companies as well as a jointly-operated logistics center to be located in Sapporo, with the objective of further ensuring stable supplies, qualities and efficient transportation of pharmaceuticals in emergency situations, such as a natural disaster,.
- In February 2017, the Company and Kyowa Pharmaceutical Industry Co., Ltd. entered into an agreement providing Kyowa Pharmaceutical Industry Co., Ltd. the exclusive right to distribute and promote extended-release tablets of quetiapine fumarate in Japan. The Company submitted a new drug application to the Ministry of Health, Labour and Welfare in Japan for extended-release tablets of quetiapine fumarate for the indication of improvement of depressive symptoms associated with bipolar disorder.
- In March 2017, the Company and LTL Pharma Co., Ltd. entered into an Asset Purchase Agreement, under which the Company would transfer its marketing approval of 16 long-listed products (the "Products") in Japan, supply business of active pharmaceutical ingredients/bulk of the Products to third parties inside and outside of Japan, and royalty business of the Products to LTL Pharma Co., Ltd..

3) Present state of CSR initiatives

CSR (=<u>Corporate Social Responsibility</u>) The Company recognizes that decisions and business activities of the Company will have certain impact on society and the environment. The Company regards the responsibility for such impact to be Corporate Social Responsibility (CSR). We are contributing to enhance the sustainability of society by fulfilling our social responsibilities as a pharmaceutical company which includes contribution to the health of people by providing pharmaceutical products that satisfy unmet medical needs and reducing environmental burden in the business activities. As a result, we earn trust from society both for the Company and our products. We consider these to be the factors that will lead to the enhancement of Astellas' sustainability as well.

Under the aforementioned philosophy, the Company is promoting its CSR activities with a view to creating and protecting the value of society as well as Astellas. There are many people with insufficient access to the healthcare they need due to the lack of available treatments, poverty, healthcare system challenges and insufficient healthcare information. As part of our CSR activities, the Company recognizes these problems as Access to Health issues and engages in initiatives which help facilitate Access to Health such as joint drug discovery research on a Neglected Tropical Disease and collaborative development on the rice-based oral vaccine "MucoRice-CTB" against enterotoxigenic *Escherichia coli (E. coli)*, etc., while also participating in Access Accelerated, a global, multi-stakeholder initiative to advance access to non-communicable disease prevention, diagnosis and treatment in low-income and lower-middle income countries.

(5) Issues to be Addressed by the Astellas Group

In the Astellas Group, the Company's VISION indicates where it needs to create value and what kind of action it should take in order to continue realizing further growth over the long term. Through its core area of strength, the innovative drug business, the Company is pursuing initiatives, which is "on the forefront of healthcare change to turn innovative science into value for patients."

The environment surrounding healthcare is changing in a constant and drastic way. As a result of efforts to restrain rising healthcare costs by governments, the influence of the payer has been increasing, and the promotion of use of generic drugs etc. are accelerating. On the other hand, there are still many diseases where existing therapies do not provide satisfactory treatment, and there is a need to continue developing innovative medicines. With scientific and technological advances, the application of new treatment modalities and drug discovery technologies is advancing, while governments have been establishing regulatory systems for review of innovative drugs.

The Company views these changes in the environment as opportunities to pursue, and will keep trying to create innovative medicines and medical solutions that utilize the Company's strengths.

1) Initiatives to build resilience for sustainable growth

The Company has organized the strategies aiming to ensure its sustainable growth over the medium- to long-term as the three-year "Strategic Plan 2015-2017," covering the period from the business year ending March 31, 2016 to the business year ending March 31, 2018. In order to overcome the impact of the patent expiry for the major products between 2018 and 2020 and to realize further sustainable growth over the long-term, the Company continues to focus on three main strategies: "Maximizing the Product Value," "Creating Innovation," and "Pursuing Operational Excellence."

(i) Maximizing the product value

In order to realize sustainable growth during and after the period of the aforementioned strategic plan and to reinforce the Company's earnings base, the Company will make efforts to maximize the value of the products that have been realized through our investments to date.

- While focusing on the Company's growth driver, XTANDI and the OAB franchise comprised of Vesicare and Betanis/Myrbetriq/BETMIGA, with the aim of maximizing the value of the products, the Company keeps focusing on the transplantation area, the Company's important earnings base.
- The Company focuses on implementation of sales strategies tailored to each region's situation, giving priority to the allocation of management resources to new and growth products.

(ii) Creating innovation

The Company will continue to work on making necessary and adequate investments for active acquisition of cutting-edge science with the aim for creating innovation which would become the wellspring of growth over the long term.

(Enhancing capabilities to deliver innovative medicines)

- In the drug discovery research, the Company will undertake dynamic research activities through the network type research framework using the resources of inside and outside the Company, aiming for appointing optimal personnel and researchers from both inside and outside the Company in the optimal environments based on the world's most innovative science.
- Through the promotion of diversification of R&D processes and the efforts on optimal management resource allocation, the Company aims to create innovative drugs efficiently.

(Advancing into new opportunities)

• In addition to the existing focus therapeutic areas, urology, oncology, immunology, nephrology and neuroscience, the Company will actively take on challenges in new therapeutic areas, muscle disease and ophthalmology, as well as new technologies and modalities including next-generation vaccines and cell therapies. While utilizing alliance opportunities with external partners that have strong expertise, the Company will strive to achieve long-term growth through investments in new innovation.

(iii) Pursuing operational excellence

The Company pursues operational excellence with the aim of developing and strengthening a business and operation foundation to enhance its ability for corresponding to the rapidly changing business environment. In anticipation of such changes, the Company is working on various initiatives from a number of perspectives, such as "Optimal allocation of resources", "Effective utilization of external resources," "Continual enhancement of organization structure," "Strengthening core capabilities," and "Active response to various regulations and societal standard."

The Company will strive to strengthen corporate disclosure system, including improvements of clinical trial data transparency, in addition to measures to further improve on the reliability of its products. Furthermore, the Company will work on cost optimization considering how to maximize cost-effectiveness while considering how to raise the quality of its operation.

2) Policy of returns to shareholders

The Company has been working steadily towards continuous increasing corporate value and towards improving its return to shareholders through such increase of corporate value. While putting priority on business investment in order to realize future growth, the Company will strive to increase dividend payments stably and continuously, taking into consideration the dividend on equity attributable to owners of parent (DOE) and other factors based on medium- to long-term profit growth on a consolidated basis. Further, the Company will flexibly acquire its own shares aiming for further increase of capital efficiency and shareholder return.

3) Strengthening of Global Management Structure

The Astellas Group has established a management structure as described below, and will work to enhance it on a global basis in the future.

- The Executive Committee, chaired by the Representative Director, President & CEO, as a body for discussion on significant issues in global management of the Astellas Group, and the Japan Management Committee, chaired by the Chief Strategy Officer and Chief Commercial Officer as a body for discussion on significant corporate governance issues of the Company and its affiliates in Japan, have been set up.
- In order to build an optimal management system capable of agile and appropriate decision-making, we have been promoting a system called "Matrix Management," under which we manage each division and function of Drug Discovery Research, Medical & Development, and Pharmaceutical Technology based on their respective functions from a global viewpoint across geographical regions, while the Sales & Marketing Divisions are managed on a regional basis.
- Enhancement of management functions from a global viewpoint is pursued in the area of corporate functions as well. In order to further strengthen compliance, Ethics & Compliance Function was established in April 2016, under a global compliance structure wherein Ethics & Compliance functions in each region (Japan, the Americas, Europe, the Middle East and Africa, and Asia and Oceania) report to the Head of Ethics & Compliance.
- In order to develop a system for more appropriate execution of business, the Company has established various committees comprising cross-functional members. These committees include the Corporate Disclosure Committee where matters including disclosure of corporate information are discussed, the CSR Committee that discusses policies and plans of important activities for the purpose of fulfilling the Company's social responsibilities (such as issues on environment, health and safety , and social contribution activities), the Global Benefit Risk Committee to discuss benefit and risk information of products as well as measures to deal with such benefit and risk, the Global Compliance Committee where matters including global compliance policies and plans are discussed, and the Global Risk Management Office to promote identifying global risks and implementing optimum risk management.

(11) Major Litigations, etc.

1) Prograf Litigation

Astellas Pharma US, Inc., one of the Company's indirect US subsidiaries, was named as a defendant in 2011 in several separate lawsuits brought by plaintiffs in various federal courts on behalf of themselves and proposed classes of all direct and indirect purchasers of Prograf. These lawsuits involve allegations that under the federal antitrust laws and various state laws, Astellas Pharma US, Inc. misused the Citizen Petition process for the sole purpose of delaying the approval of generic tacrolimus by the U.S. Food and Drug Administration, thereby injuring the plaintiffs. In June 2011, the US Judicial Panel on Multi-District Litigation ordered that the cases be consolidated before the U.S. District Court for the District of Massachusetts. In January 2015, Astellas Pharma US, Inc. settled all claims brought against it by the direct purchaser plaintiffs. In May 2015, the Court approved the settlement and dismissed the case. In February 2016, Astellas Pharma US, Inc. settled all claims brought against it by the indirect purchaser plaintiffs. In November 2016, the Court approved the settlement and dismissed the case.

2) Tarceva Government Investigation

In November 2011, OSI Pharmaceuticals, LLC, one of the Company's indirect US subsidiaries, received a subpoena from the U.S. Department of Justice, represented by the U.S. Attorney's Office in San Francisco, California, requesting documents and other information concerning the promotion, marketing and sale of Tarceva in the U.S. In June 2016, OSI Pharmaceuticals, LLC entered into a civil settlement agreement with the U.S. government and the states that resolves this matter.

- (2) Basic Views and System of Corporate Governance
- 1. Basic view

The Company's raison d'être is to contribute to improving the health of people around the world through the provision of innovative and reliable pharmaceutical products. The Company aims to sustainably enhance corporate value by being chosen and trusted by all stakeholders. With this business philosophy, we work to ensure and strengthen the effectiveness of corporate governance from the following perspectives:

- 1) Ensuring transparency, appropriateness and agility of management; and
- 2) Fulfillment of our fiduciary duties and accountability to shareholders and appropriate collaboration with all stakeholders.

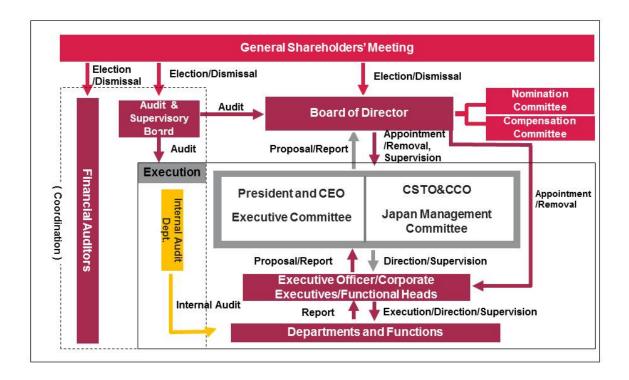

The Company has established the Corporate Governance Guidelines which clarifies the basic views and guidelines that must be followed in order for the Company to ensure and strengthen the effectiveness of corporate governance. The guidelines are posted on the following Company's website.

http://www.astellas.com/en/corporate/pdf/governance_guideline_en.pdf

2. Summary of the corporate governance system

The summary of the corporate governance systems is as follows:

- The Company adopts the organizational structure of "Company with Audit & Supervisory Board." Outside Directors and outside Audit & Supervisory Board Members constitute the majority of the Board of Directors and the Audit & Supervisory Board, respectively.
- The Board of Directors principally serves the oversight function of the execution of business, and also makes decisions on important business execution.
- As organs for handling execution of business, the Company establishes the Executive Committee and the Japan Management Committee for discussing important matters, and also appoints Executive Officers who are responsible for their respective assigned departments or functions. The responsibility and authority for the execution of business of the organs described above, the President and CEO and the Executive Officers are clearly stipulated in the Corporate Decision Authority Policy.
- As advisory bodies to the Board of Directors, the Company establishes the Nomination Committee and the Compensation Committee, each of which are composed of a majority of outside Directors.

3. Directors/Board of Directors

All of the Company's Directors are subject to election by resolution of a General Meeting of Shareholders each year. Board of Directors meetings are held once every month in principle, chaired by the Director and Chairman of the Board (in the even that the Director and Chairman of the Board is unavailable to fulfill his or her duties due to accident or vacancy of the post, another Director, in the order prescribed in the Board of Directors Policy, shall assume the role).

The Board of Directors principally serves the oversight function of the execution of business, and makes decisions on important business execution, thereby ensuring the transparency, appropriateness and agility of management. The Board of Directors, in consideration of diversity and balance from the perspectives of expertise and experience and so forth, is composed of a number of Directors appropriate to facilitate agility. In order to ensure decision-making from a broader viewpoint and objective oversight of the execution of business, the Board of Directors is composed of a majority of outside Directors. As of March 31, 2017, the Board of Directors comprises six Directors, among whom a majority of four are highly independent outside Directors.

To further enhance the effectiveness of the Board of Directors as a whole, the Company conducts an analysis and evaluation of the effectiveness of the Board of Directors as a whole every year, through means such as each Director's self-assessment, and discloses a summary of the results thereof.

4. Nomination Committee/Compensation Committee

In order to improve the transparency and objectivity of the deliberation process of regarding election and dismissal of Directors, etc. and remuneration system, the Company establishes the Nomination Committee and the Compensation Committee as advisory bodies to the Board of Directors. The Nomination Committee and the Compensation Committee are composed of members appointed by the Board of Directors, and the majority of each Committee are outside Directors. Each Committee is chaired by an outside Director.

<Role of the Nomination Committee>

The Nomination Committee deliberates matters relating to the election and dismissal of Directors and Audit & Supervisory Board Members, and appointment and removal of Executive Officers, others, and reports the results of their deliberations to the Board of Directors.

<Role of the Compensation Committee>

The Compensation Committee deliberates matters regarding remuneration, bonuses and other financial benefits paid as consideration for the performance of duties for Directors, and Executive Officers, etc., and reports the results of their deliberations to the Board of Directors.

5. Audit & Supervisory Board Members/Audit & Supervisory Board

The Audit & Supervisory Board meetings are held once a month in principle.

Audit & Supervisory Board Members contribute to the establishment of effective corporate governance systems, through conducting audits on the performance of duties by Directors. The Audit & Supervisory Board is the only deliberation body and decision-making body for the purpose of forming opinions with regard to audits by Audit & Supervisory Board Members, and, where necessary, provides its opinions to Directors or the Board of Directors. However, no resolution of the Audit & Supervisory Board may prevent the execution of the authority of each Audit & Supervisory Board Member.

In order to further enhance the independence and neutrality of the Company's audit system, the Audit & Supervisory Board is composed of a majority of outside Audit & Supervisory Board Members. As of March 31, 2017, the Audit & Supervisory Board comprises five members, among whom a majority of three are highly independent outside Audit & Supervisory Board Members.

2) Amounts of remunerations:

Remunerations for Directors and Audit & Supervisory Board Members are so designed as to enable the Company to recruit and retain talents, and to make the remuneration levels and structures fully commensurate with the responsibilities of the position. The Company endeavors to improve the objectivity of decisions on remuneration levels through measures such as the use of survey data from specialist third-party companies.

Remunerations for internal Directors are fundamentally based upon contributions to sustainable improvements in business performance and enhancements in enterprise value, and are composed of a fixed amount basic remuneration, bonuses, and stock compensation. The Company appropriately links Remunerations with business performance.

Remunerations for outside Directors and Audit & Supervisory Board Members (including outside Audit & Supervisory Board Members) are composed of a fixed amount basic remuneration only.

Remunerations for each Director are determined by resolutions of the Board of Directors within a total ceiling amount approved by the General Meeting of Shareholders, and Remunerations for each Audit & Supervisory Board Member are also determined by the deliberations of the Audit & Supervisory Board Members within a total ceiling amount approved by the General Meeting of Shareholders. Through the deliberations of the Compensation Committee, the Company enhances the transparency and objectivity of the deliberation process for remunerations for Directors.

6) Names of Corporate Executives (except Directors who serve as Corporate Executives) and other information:

(4) Matters concerning Financial Auditor:

- 1) Name: Ernst & Young ShinNihon LLC
- 2) Amount of remuneration:

		Amounts payable
1.	The amount of remunerations paid to Financial Auditor for the business year under review:	¥179 million
2.	Total amount of cash and other material benefits payable to Financial Auditor by the Company and its subsidiaries:	¥186 million

- (Notes) 1. The Audit and Supervisory Board of the Company decided that the amount of remunerations for the Financial Auditor for the business year under review was reasonable, following the examination and review of various factors, including the performance of duties of the Financial Auditor and actual number of audit hours spent in the previous business year, as well as the details of the audit plan, audit structure, estimated audit hours and rate of remuneration charged for the business year under review, based on the inspection of relevant materials obtained from, and interview with the internal departments concerned as well as the Financial Auditor, hence providing the consent for the purpose of Article 399 (1) and (2) of the Companies Act.
 - 2. The amount of remunerations for auditing pursuant to the Companies Act and the amount of remunerations for auditing pursuant to the Financial Instruments and Exchange Act are not divided in the Auditing Agreement concluded between the Company and the Financial Auditor. Also, it is practically impossible to state separately, so the amount stated in 1 above represents the total amount paid by the Company.
 - 3. Out of the principal subsidiaries of the Company (see page 36), overseas subsidiaries have been audited by financial auditors other than the Company's Financial Auditor.
 - 4. The Company has commissioned the Financial Auditor to perform mainly the verification services regarding asset transfer, which are services other than the services set forth in Article 2 (1) of the Certified Public Accountants Law. The Company pays consideration for such services to the Financial Auditor.
 - 3) Policy for deciding the dismissal or refusal of re-election of the Financial Auditor:

In the event that the Financial Auditor falls under any event for dismissal provided for in Article 340 (1) of the Companies Act, the Audit & Supervisory Board will dismiss the Financial Auditor with the unanimous consent of Audit & Supervisory Board Members or determine the content of proposals on the dismissal of the Financial Auditor to be submitted to the General Shareholders Meeting based on the resolution of the Audit & Supervisory Board.

In addition, the Audit & Supervisory Board will determine the content of proposals on refusal to re-elect the Financial Auditor to be submitted to the General Shareholders Meeting, among other things, based on the evaluation of the Financial Auditor's independence and expertise, and appropriateness and validity of the Financial Auditor's activities.

4) Matters concerning the business suspension order imposed on the Financial Auditor in the past two years

Outline of the administrative sanctions announced on December 22, 2015 and January 22, 2016 by the Financial Services Agency

- (i) The party on which the order has been imposed Ernst & Young ShinNihon LLC
- (ii) Description of the administrative sanctions imposed
 - Suspension of conclusion of all new engagement contracts: Three months (January 1, 2016 to March 31, 2016)

- Business improvement administrative order (for improvement of the operation management system)
- Amount of administrative surcharge to be paid: ¥2,111 million
- (iii) Reasons for the administrative sanctions
 - Because certified public accountants of the aforementioned audit firm failed to exercise due care in the audit of financial statements of TOSHIBA CORPORATION for the business years ended March 31, 2010, 2012 and 2013, thereby attested its financial statements with material misstatements as free of such misstatements.
 - Because the audit firm's operation was found to be significantly inappropriate.

3. Systems to Ensure the Appropriate Execution of Business (as of April 1, 2017)

(1) Basic Policies to Ensure the Appropriate Execution of Business

The Company has set out basic policies regarding the following systems to ensure that the Company's business is duly executed.

- (1) System concerning the Performance of Duties
 - 1) System to Ensure the Efficient Performance of the Duties of Directors
 - The Company clearly separates the roles of the Directors, who serves the oversight function of the execution of business and makes decisions on important business execution matters, and the role of the President and CEO who is responsible for business execution, and the role of Executive Officers who are responsible for their respective assigned departments or functions (hereinafter "top management").
 - Meetings of the Board of Directors will be held once every month as a general rule, and extraordinary meetings of the Board of Directors will be held when necessary.
 - The Company has established the Executive Committee and the Japan Management Committee, and discusses material matters concerning business strategies, product strategies, cooperate management, and personnel of the Company and the Astellas Group companies.
 - The Company has established regulations concerning each of the committees mentioned above and the "Corporate Decision Authority Policy" to clarify the powers and positioning of each committee and the top management as well as the decision-making process.
 - The Company has developed the personnel and organization systems to enable the efficient execution of business.
 - 2) System for Maintaining and Controlling Information regarding the Performance of Duties by Directors
 - The "Astellas Group Record Management Policy" and the "Record Management Control Regulations" have been established, based on which the Company will control and maintain, in an appropriate manner, the information regarding the performance of duties by the Directors.
 - The Company has established systems to ensure that all documents and materials concerning important management matters, such as minutes of the meetings of the Board of Directors, the Executive Committee and the Japan Management Committee, are available for inspection by the Directors and the Audit & Supervisory Board Members when necessary.

(2) Regulations and other Systems regarding Risk (Risk of Loss) Management

In order to conduct risk management properly as a whole group, the Company has categorized the risks into "risks relating to strategic management decision-making (risks relating to business opportunities)" and "risks relating to appropriate and efficient business conduct (risks relating to the performance of business activities)." Each department and unit of the Company and the Astellas Group companies will proactively put the Company's risk management initiatives into practice and promote risk mitigation within the Group and the

proper response to such risks through the following activities:

- With respect to the measures dealing with risks relating to business opportunities, each department and unit will implement such measures within the scope of its powers and roles, upon clarification of the rules and standards for decision-making. Among these risks, matters concerning material risks will be decided upon deliberation by the Executive Committee and the Board of Directors.
- With respect to the measures dealing with risks relating to the performance of business activities, the Company has established 1) the "Global Risk Management Office" for responding to global risks to identify global risks, and devise and implement optimum methods of risk management in cooperation with each regional risk management office, and 2) the "Risk Management Committee" for responding to the risks within the domestic Group companies to identify risks, and device and implement optimum methods of risk management. Matters relating to the important risk management measures, for both global and domestic Group companies described above, will be decided upon deliberation by the Executive Committee and the Board of Directors.
- In order to enhance the effectiveness of risk management operations, the Company will formulate separate policies and manuals for matters such as disaster control, crisis management, business continuity plan, information security, and personal information protection according to the characteristics and details of the risks involved.
- (3) Compliance System (System to Ensure that the Performance of Duties by Directors and Employees Comply with the Laws, Regulations, and the Articles of Incorporation)

The Company has established the "Astellas Charter of Corporate Conduct" and the "Astellas Group Code of Conduct" as core standards of compliance for officers and employees of the Company and the Astellas Group companies.

The Company sees compliance not only as observing the law but also acting in accordance with prescribed social norms in a highly ethical manner. We are taking the following steps to create a system for promoting and spreading compliance in a broad sense as a whole group.

- The Company has established the "Global Compliance Committee" that grasps current situations of compliance and discusses policies and plans accordingly for the Company and the Astellas Group companies as a whole. The regional Compliance Committees have also been established to discuss matters concerning compliance in individual regions.
- Under the control of the Chief Compliance Officer, Compliance Functions will, with concerned departments of the Company and the Astellas Group companies, carry out the devising, promotion, and increasing awareness of the specifics of the plans for global compliance. In addition, through continuous training and other measures, we will create a structure in which each officer and employee of the Company and the Astellas Group companies can practice compliance when acting on their own initiative.
- The Company has established a "helpline" in each region, and established a contact point independent of the Company to receive anonymous inquiries concerning compliance including questions, consultation, reports, proposals. The Company has also established a system that any material information will be

reported, in a timely manner, to the Chief Compliance Officer. In dealing with such actions, confidentiality will be strictly maintained and unfair treatment of any person who has accessed the helpline or other contacts is strictly prohibited.

- (4) System for Disclosure and Management of Information
 - The Company discloses corporate information to all of its customers, shareholders, community and other stakeholders in a timely, proper and fair manner. The Company also actively engages in dialogue with them and reflects their comments in its business activities properly. Through disclosure and dialogue, the Company is committed to further enhance its transparency and strive to build and maintain a trust relationship with its stakeholders.
 - Based on the basic stance above, the Company has established the "Disclosure Policy" and the "Corporate Disclosure Committee" that promotes and manages disclosure activities.
 - The Company has established rules concerning the handling of material information acquired in the course of the duties by the officers and employees of the Company and the Group to prevent violations of the laws and regulations and to ensure the appropriate management of information.
- (5) System to Ensure the Reliability of Financial Report
 - The Company will establish and operate the internal control system for consolidated financial report in accordance with standards generally accepted to be fair and reasonable in Japan, in order to ensure improved reliability of the financial report, and assess the effectiveness in an appropriate way.
 - In accordance with the "Regulations for Internal Control Assessment of Financial Report" formulated by the Board of Directors, internal control assessment is implemented for consolidated financial reports, under the direction of the President and CEO, who is responsible for the global internal control system.
- (6) Group Management System (System to Ensure the Appropriate Execution of Business by the Corporate Group Composed of the Company and its Subsidiaries)

The Company engages in appropriate control and operation of the Astellas Group companies. With this in mind, the Company has taken the following actions in order to maintain and build a sound relationship between it and the Astellas Group companies:

- The Company will apply the "Astellas Charter of Corporate Conduct" and the "Astellas Group Code of Conduct" to all of the Astellas Group companies, and it will ensure that all persons concerned are fully aware of these policies and the code of the conduct of each Astellas Group company that are based on these policies.
- The Company has established a system in which matters concerning performance of the duties by the Directors of the Astellas Group companies will be reported to the Company through functional line managers.
- The Company will create clear rules regarding the composition of executives, decision-making authority at the Astellas Group companies, and the internal oversight system in the Group to ensure the efficient execution of duties by the Directors of the Group companies.

- As mentioned above, the Astellas Group will tackle risk management and compliance matters as a whole group.
- The "Internal Auditing Policy" will be applied to all the Astellas Group companies and the internal audit system over the Group will be developed.

(7) Internal Audit System

The Company has established the Internal Auditing, which is independent from the ordinary business execution departments and is under the direct control of the President and CEO, to develop the internal audit system of the Company and the Astellas Group companies, and takes the following actions:

- The Internal Auditing will review and evaluate the effectiveness and efficiency of the systems and structures in the various management activities of the Company and the Astellas Group companies, put together an audit report, and submit the results of such review and evaluation to the President and CEO, officers and departments concerned, and the Audit & Supervisory Board. The report concerning the overall annual audit results will be made to the Board of Directors and Financial Auditor.
- The Company will comply with the "Act on Securing Quality, Efficacy and Safety of Pharmaceuticals, Medical Devices, Regenerative and Cellular Therapy Products, Gene Therapy Products, and Cosmetics" and other regulations as a pharmaceutical company, and conduct its business with a mission to provide effective and safe products with a high level of expertise through a fair organization structure. To this end, the Company has built a tiered-control structure separated by different functions in all the Astellas Group companies; namely, the tiers consist of self-control on site, expert control by departments related to RA and QA, and the internal audit by the independent internal auditing departments.
- The Internal Auditing will promote improvement in the quality of the internal audits through collaboration with the relevant expert departments, such as holding regular general meetings.
- With respect to the Astellas Group companies in Europe and the United States, etc., which are noted by the companies as having a significant effect on the consolidated business results, the companies have established independent internal auditing departments for each company, and hold an Overseas Group Internal Audit Meeting among the internal auditing departments.

(8) System to Ensure Effective Audits by the Audit & Supervisory Board Members

The Company takes the following actions as a "company with an Audit & Supervisory Board" to enable the Audit & Supervisory Board Members to carry out their audit effectively.

- 1) Matters concerning Assisting Employees where the Audit & Supervisory Board Members Require Employees Assisting their Duties to be Assigned
- Full-time staff will be assigned to assist the Audit & Supervisory Board Members to carry out their duties, so that the audit by the Audit & Supervisory Board Members will be properly executed.
- 2) Matters concerning Independence from the Directors of the Employees Assisting the Audit & Supervisory Board Members and Effectiveness of Directions Given to Such Employees
- Full-time staff who assists the Audit & Supervisory Board Members is independent from the Directors and carries out his or her duties under the direct control of the Audit & Supervisory Board Members.
- The appointment, evaluation, transfer, and other matters concerning full-time staff will require the prior consent of the Audit & Supervisory Board Members.
- 3) System concerning Report of the Directors and Employees to the Audit & Supervisory Board Members and Other Systems concerning Report to the Audit & Supervisory Board Members
- The Company has established a system to ensure that the Audit & Supervisory Board Members, at any time, can access monthly reports and quarterly reports regarding the execution of duties by the Directors of the Company and the Astellas Group companies.
- Top management, regarding the departments or functions (including the Astellas Group companies) they are responsible for, will discuss and determine with Audit & Supervisory Board Members the items, persons responsible for reporting, and methods of reporting for reports made regularly and when necessary to Audit & Supervisory Board Members or the Audit & Supervisory Board.
- 4) System to Ensure that Informants do not Risk Unfavorable Treatments due to their Reporting to the Audit & Supervisory Board Members
- The Company prohibits any unfavorable treatments to the officers or employees of the Company and the Astellas Group companies who reported to the Audit & Supervisory Board Members of the Company or the Astellas Group companies, because of their reporting.
- 5) Matters concerning Policies to Treat Costs Incurred by the Audit & Supervisory Board Members for the Execution of Duties
- The Company has established a system that a related department prepares budgets and performs payment of costs incurred by the Audit & Supervisory Board Members for the execution of their duties.

- 6) Other Systems to Ensure Effective Audits by the Audit & Supervisory Board Members
- Pursuant to Audit & Supervisory Board Policy, material matters pointed out by each Audit & Supervisory Board Member at the regular meetings of the Audit & Supervisory Board held each month or the extraordinary meetings held when necessary will be reported at the meetings of the Board of Directors.
- The Audit & Supervisory Board Members will attend the Executive Committee meetings and the Japan Management Committee meetings, where execution of the Company's important business will be discussed, and also attend other meetings that the Audit & Supervisory Board Members consider as important. In case that the Audit & Supervisory Board Members are not available to attend these meetings, full-time staff who assist the Audit & Supervisory Board Members will attend as observer by order of the Audit & Supervisory Board Members.
- The persons (departments) of the Company and the Astellas Group companies subject to be audited will cooperate so that the Audit & Supervisory Board Members may perform the audits in an appropriate manner in accordance with the Auditing Standards of Audit & Supervisory Board Members established by the Audit & Supervisory Board.

(9) System to Exclude Anti-social Forces

The Company and the Astellas Group companies will, as a solid organization, take a resolute attitude against any antisocial forces and groups that threaten the order and security of society, and never accept unjust and illegal requests. Also, the Company and the Astellas Group companies will eliminate any relations with such forces and groups.

- Clearly declaring in the "Astellas Charter of Corporate Conduct" and the "Astellas Group Code of Conduct" that the Astellas Group will take a resolute attitude against antisocial forces and groups, based upon which to exclude any relation with such forces and groups.
- Especially in Japan, with close cooperation with the police and other related parties, establishing the solid system that will enable the Company to actively collect necessary information as to anti-social forces and groups, as well as to take actions as the entire Astellas Group.
- Furthermore, continually implementing the enlightenment activities, such as trainings relating to compliance and risk management, etc. to officers and employees, so as to exclude any influence of anti-social forces and groups.

(2) Operational Status of Systems to Ensure the Appropriate Execution of Business

A summary of the Company's operational status during the business year ended March 31, 2017 is as follows.

1. System concerning the Performance of Duties

Following the basic policy, the Company in principle holds Board of Directors meetings once each month. Additionally, based on policies such as the Corporate Decision Authority Policy, important matters are discussed within the Executive Committee and the Japan Management Committee, ensuring that Directors perform their duties efficiently by top management fulfilling their roles. Furthermore, during the business year ended March 31, 2017, 14 Board of Directors meetings were held, 19 Executive Committee meetings were held, and 9 Japan Management Committee meetings were held.

2. Regulations and other Systems regarding Risk (Risk of Loss) Management

Following the basic policy, the Company has categorized risks into risks relating to business opportunities and risks relating to the performance of business activities, and each department of the Company and the Astellas Group companies proactively put the Company's risk management initiatives into practice. In particular, for matters specified as global risks, risk mitigation measures are formulated under the direction of risk owners, and subsequently implemented.

3. Compliance System (System to Ensure that the Performance of Duties by Directors and Employees Comply with Laws, Regulations, and the Articles of Incorporation)

Following the basic policy, the Company holds meetings of the Global Compliance Committee and the regional Compliance Committee that grasps current situations of compliance and discusses policies and plans accordingly for the Company and the Astellas Group companies as a whole. Additionally, through measures such as implementation of compliance-related training for all employees, the Company aims to improve attitudes toward compliance, and works to discover and remedy issues at an early stage via operation of initiatives such as the helpline. Furthermore, from the business year ending March 31, 2017, the Company will establish a global compliance structure wherein Compliance Functions in each region and country report to the Functional Head of Ethics & Compliance.

4. System for Disclosure and Management of Information

Following the basic policy, the Company discloses information to all stakeholders in a timely, appropriate and fair manner, and also actively engages in dialogue with them. During the business year under review, with the intent of adding further transparency to business activities, the Company has made continuous efforts for timely, accurate and fair disclosure, such as cross-divisional deliberations about policies, contents, etc. regarding material information disclosure, under the leadership of the Corporate Disclosure Committee established in April 2015.

5. System to Ensure the Reliability of Financial Reporting

Following the basic policy, the Company has formulated an internal control evaluation plan for consolidated financial reporting, and the Company works to ensure the reliability of financial reporting through measures such as internal control and development of operational systems by appointing process owners and control owners, revision and approval by process owners of business process descriptions, and development of internal control and evaluation of its operational status by the internal auditing department (including external contractors) for business bases subject to evaluation.

6. Group Management System (System to Ensure the Appropriate Execution of Business by the Corporate Group Composed of the Company and its Subsidiaries)

Following the basic policy, the Company promotes appropriate control and operation of Astellas Group companies by having matters concerning the duties of the Directors of the Astellas Group companies to be reported to the Company through functional line managers, and clearly defining the composition of executives and decision-making authority at the Astellas Group companies. Financial status and others of the Astellas Group companies are reported monthly or pre-quarterly and then reported to the Board of Directors of the Company as necessary.

7. Internal Audit System

Following the basic policy, the Company proposes plans regarding internal audits and secures opportunities to review audit results through measures such as reports to the Board of Directors, general meetings with the internal auditing department, holding of Overseas Group Internal Audit Meeting, and reporting to Financial Auditors. In addition, the Company secures opportunities for Audit & Supervisory Board Members to receive information including through regular reporting.

8. System to Ensure Effective Audits by the Audit & Supervisory Board Members

Following the basic policy, the Company secures a system to allow effective audits by the Audit & Supervisory Board Members through measures such as reporting on execution status of business by Directors and employees to Audit & Supervisory Board Members and continued attendance at important meetings such as the Executive Committee.

Furthermore, during the business year under review, monthly reports have been submitted to Audit & Supervisory Board Members regarding summaries and results of responses to helpline reports in each region, under a restructured global compliance structure.

9. System to Exclude Anti-social Forces

Following the basic policy, the Company confirms the attributes of business partners of the Company and Astellas Group Companies, and through the introduction of articles to eliminate anti-social forces in contracts, works to exclude any relation with such forces and groups.

(the "Company") applicable to the business year from April 1, 2016 through March 31, 2017.

Management's Responsibility for Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with the provision of the second sentence of Article 120, (1) of the Corporate Accounting Regulations, which allows the omission of certain disclosures required by the designated International Financial Reporting Standards ("IFRS"), and for internal control that management determines is necessary to enable preparation of consolidated financial statements free of material misstatement due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement.

An audit includes performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by

management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Audit Opinion

In our opinion, the above stated consolidated financial statements, prepared with the omission of certain disclosures required by the IFRS pursuant to provision of the second sentence of Article 120 (1) of the Corporate Accounting Regulations, present fairly, in all material respects, the financial position of Astellas Pharma Inc. and consolidated subsidiaries applicable to the business year ended March 31, 2017.

Interest

We have no interest in the Company which should be disclosed in compliance with the provisions of the Certified Public Accountants Law.

AUDIT REPORT

The Audit & Supervisory Board prepared and reported the following audit report regarding the performance of duties of Directors of the Company during the 12th term business year from April 1, 2016 to March 31, 2017 after deliberations, based on the audit reports from each Audit & Supervisory Board Member.

- 1. Method and Contents of Audit by Audit & Supervisory Board Members and the Audit & Supervisory Board:
- (1) The Audit & Supervisory Board established, among other things, the policy of audit and the assignment of duties, received a report from each Audit & Supervisory Board Member on execution and result of its audit, received reports from Directors and Financial Auditor on their performance of duties, and requested additional explanations as necessary.
- (2) In conformity with the Audit Standards established by the Audit & Supervisory Board, and in accordance with, among other things, the policy of audit and the assignment of duties, each Audit & Supervisory Board Member made efforts to communicate with Directors, Internal Audit Department and other employees, collect information and maintain and improve the environment for audit. At the same time, each Audit & Supervisory Board Member conducted audits based on the methods as follows.
 - (i) Each Audit & Supervisory Board Member attended meetings of the Board of Directors and other meetings as deemed important, received reports from the Directors and employees on their performance of duties, requested additional explanations as necessary, perused the documents whereby the important decisions were made, and examined the business and financial conditions at the head office and the principal offices. With respect to subsidiaries, each Audit & Supervisory Board Member made efforts to communicate and exchange information with the Directors and Audit & Supervisory Board Members of subsidiaries, and received from subsidiaries reports on their respective business as necessary.
 - (ii) With respect to the resolution of the Board of Directors on systems necessary to ensure that Directors' performance of their duties described in the Business Report complies with applicable laws and ordinances and Articles of Incorporation and any other system stipulated in Article 100 (1) and (3) of the Ordinance for Enforcement of the Companies Act as required to ensure appropriateness of operations of a corporate group comprised of a Stock Company (Kabushiki Kaisha) and its subsidiaries, and the systems developed based on such board resolution (internal control system), each Audit & Supervisory Board Member regularly received reports from Directors and employees, requested additional explanations as necessary, and expressed an individual opinion, on the establishment and operation of the systems.
 - (iii) Each Audit & Supervisory Board Member monitored and verified whether the Financial Auditor maintained the independent position and performed due audit, and received from the Financial Auditor reports on the performance of the duties, and requested additional explanations as necessary. Each Audit & Supervisory Board Member also received a notice from the Financial Auditor that it has established the "Systems to ensure due execution of audit (matters prescribed in each item of Article 131 of the Corporate Accounting Regulations)" in accordance with, among other things, the "Quality Control Standards for Audit" (Business Accounting Board, October 28, 2005), and requested additional explanations as necessary.

Based on the method stated above, each Audit & Supervisory Board Member examined the Business Report and the related supplementary schedules, financial statements (Balance Sheets, Statements of Income, Statements of Changes in Net Assets and Notes to Financial Statements) and the related supplementary schedules, and consolidated financial statements (Consolidated Statements of Financial Position, Consolidated Statements of Income, Consolidated Statements of Changes in Equity and Notes to Consolidated Financial Statements, all prepared with the omission of certain disclosures required by the IFRS pursuant to the provision of the second sentence of Article 120 (1) of the Corporate Accounting Regulations) for the business year under review.

2. Results of Audit:

- (1) Results of audit of Business Report and other documents:
 - 1. We confirm that the Business Report and the related supplementary schedules accurately present the position of the Company in conformity with the relevant laws and ordinances as well as the Articles of Incorporation of the Company.
 - 2. We confirm that no misconduct or material fact constituting a violation of any laws or ordinances or the Articles of Incorporation of the Company was found with respect to the Directors in the performance of their duties.
 - 3. We confirm that the resolutions of the Board of Directors relating to the internal control system are reasonable. There are no matters to be pointed out regarding details of the Business Report and Directors' performance of their duties on internal control system.
- (2) Results of audit of financial statements and the related supplementary schedules: We confirm that the method and the results of the audit carried out by Ernst & Young ShinNihon LLC, Financial Auditor of the Company, are reasonable.
- (3) Results of audit of consolidated financial statements: We confirm that the method and the results of the audit carried out by Ernst & Young ShinNihon LLC, Financial Auditor of the Company, are reasonable.
