

**Astellas Pharma Inc. Announce Result of Changing Tomorrow Day
To Support Action in Worldwide Local Communities -Part6-**

Tokyo, December 3, 2010 - [Astellas Pharma Inc.](#) (“Astellas”; Headquarters: Tokyo, President & CEO: Masafumi Nogimori) today announced the results of the company’s social action programs, which were hosted-throughout the world as part of the company’s commitment to Changing Tomorrow Day* (“CT Day”) and to help celebrate the company’s fifth anniversary.

The outcomes of the activities are outlined below.

- Term : September 1,2010 to October 30,2010 (A limited number of activities took place before and a number are continuing after the set action dates.)
- Theme : "Health" or "Environment"
Picking up trash around the office buildings, cleaning healthcare buildings, volunteering at social welfare facilities, landscaping, nutrition education initiative for children, soccer festival assistances, supporting underprivileged children, teaching healthy living habits to children, blood donation etc.
- Unit : Corporate unit, offices, group unit
- No. of Participation : More than 7,700 employees throughout the world volunteered during Changing Tomorrow Day. (As of November 30, 2010)
(Reference : No. of worldwide employee as of September,2011 is approximately 16,000)

To learn how Astellas ‘changed tomorrow’ around the world, what countries participated and the impact Astellas made through CT Day activities, visit <http://bit.ly/ctdayvideo>.

Internally, to communicate global CT day successes, Astellas set up a “Changing Tomorrow Day” intranet site which enabled all employees to share photo and the content of their activities with colleagues around the world.

This is the last release of six press releases introducing the Astellas’ global CT Day activities conducted in Japan, Americas, Europe and Asia.

Astellas expects that CT day will become an annual voluntary event to support local communities.

*Changing Tomorrow Day: “Changing tomorrow” is the Astellas communications slogan and Astellas defined this program as “CT Day.”
